TOXICOLOGY

www.elsevier.com/locate/toxicol

Subject index of volume 190

Acetylcholinesterase inhibition; Paraoxon; Treadmill; Pyridostigmine; Blood-brain barrier; Gulf War Illness; Carboxylesterase inhibition **190**, 221

Aminoguanidine; D-Penicillamine; Autoimmunity; Prostaglandin E; Misoprostol; Nitric oxide; NSAIDs; Idiosyncratic drug reactions **190**, 267

Amiodarone toxicity; Silymarin; Vitamin E; Lysosomal phospholipidosis **190**, 231

Autoimmunity; D-Penicillamine; Prostaglandin E; Misoprostol; Nitric oxide; Aminoguanidine; NSAIDs; Idiosyncratic drug reactions **190**, 267

Bile acids; Liver mitochondria; Cholestasis; Membrane potential; Respiratory activity; Mitochondrial permeability transition **190**, 185

Blood-brain barrier; Paraoxon; Treadmill; Pyridostigmine; Gulf War Illness; Acetylcholinesterase inhibition; Carboxylesterase inhibition **190**, 221

British Toxicology Society; Toxicology digital sources; Poisons information; Chemicals; Health; Occupational hygiene; Journals; Legislation; Safety **190**, 75

5-Bromo-2′-deoxyuridine (BrdU); Contact dermatitis; Murine local lymph-node assay; Guinea pig maximization test; Risk assessment **190**, 259

Carboxylesterase inhibition; Paraoxon; Treadmill; Pyridostigmine; Blood-brain barrier; Gulf War Illness; Acetylcholinesterase inhibition **190**, 221

Carcinogenicity; Endoprosthesis metallic wear particles; Toxicity; Mutagenicity; Endoprosthesis loosening **190**, 145

Carcinogenicity; Monomethylarsonic acid; Chronic toxicity; Large intestine **190**, 197

Cell death; Particulate matter; Epithelial cell **190**, 171

Chemical management; ILO; Chemical safety; Occupational; Safety and health (OSH) **190**, 105

Chemical safety; GINC (Global Information Network on Chemicals); GINC Asia; IPCS (International Program on Chemical Safety); Internet; Information exchange; NIHS (National Institute of Health Sciences) **190**, 93

Chemical safety; ILO; Occupational; Safety and health (OSH); Chemical management **190**, 105

Chemical safety; OECD; Organisation for Economic Co-operation and Development; Chemicals, Environment; Information resources **190**, 125

Chemicals, Environment; OECD; Organisation for Economic Co-operation and Development; Chemical safety; Information resources **190**, 125

Chemicals; Toxicology digital sources; British Toxicology Society; Poisons information; Health; Occupational hygiene; Journals; Legislation; Safety **190**, 75

Chemicals; UNEP; OECD **190**, 135

Chemokines; Monocrotaline; Liver; Inflammation; Neutrophil; Kupffer cell **190**, 155

Cholestasis; Liver mitochondria; Bile acids; Membrane potential; Respiratory activity; Mitochondrial permeability transition **190**, 185

Chronic toxicity; Monomethylarsonic acid; Carcinogenicity; Large intestine **190**, 197

Contact dermatitis; Murine local lymph-node assay; Guinea pig maximization test; 5-Bromo-2′-deoxyuridine (BrdU); Risk assessment **190**, 259

Coumarin; *N*-Acetyl-*S*-(3-coumarinyl)cysteine; Metabolism; Synthesis; HPLC-determination **190**, 249

Ecology; Toxicology; Environmental medicine; Ecotoxicology; Regulations; Method development; Risk assessment; Education **190**, 63

Ecotoxicology; Toxicology; Environmental medicine; Regulations; Method development; Risk assessment; Ecology; Education **190**, 63

PII: S0300-483X(03)00310-X

Education; Toxicology; Environmental medicine; Ecotoxicology; Regulations; Method development; Risk assessment; Ecology **190**, 63

Endoprosthesis loosening; Endoprosthesis metallic wear particles; Toxicity; Mutagenicity; Carcinogenicity **190**, 145

Endoprosthesis metallic wear particles; Toxicity; Mutagenicity; Carcinogenicity; Endoprosthesis loosening **190**, 145
